

MARKETS SERVED

Military Aerospace

Times Microwave Systems coax cables are qualified for service on virtually every military aircraft platform for critical avionics and electronic warfare systems.

Military and Government Research

National research laboratories throughout the country rely on the engineering expertise of *Times Microwave Systems* for microwave, RF, high voltage and high power coax cables.

Military Ground-Based Communication Systems

Crucial radar and RF systems rely on high performance coax cables from *Times Microwave Systems*.

Commercial Aircraft

From navigational systems to TCAS (Traffic and Collision Avoidance Systems) and essentially every airborne avionics system, commercial passenger aircraft depend on coax cable from *Times Microwave Systems*.

Wireless Telecommunications

Times Microwave Systems is a leader in providing flexible cabling solutions for the technological challenges of the rapidly evolving wireless industry.

Shipboard

Safety aboard military vessels is assured with *Times Microwave Systems* LLSB and LSSB fire retardant low-smoke generating coax cable.
