Times Microwave Systems Offers **LMR[®] Certified Installer Training Program**

Times Microwave Systems now offers an **LMR[®] Certified Installer Training Program** (part number **CITP**) covering all installation aspects of **LMR[®]** coaxial transmission line cables, connectors and components including grounding. The one-day program is available to groups of 10 or more and can be held at a location convenient to the group, at Times Microwave in Wallingford, CT or at a participating Times distribution partner location. The program is \$300.00 per person and can be ordered and arranged through any Times distributor.

The **LMR[®] Certified Installer Training Program** covers:

- Coaxial Cable fundamentals, attenuation and return loss
- **LMR[®]** Connectors (hands-on prep/terminations and testing)
- Grounding kit and weatherproofing installation
- **SilverLine[™]** test cable products
- Participants who successfully complete the one day course will receive a certificate as a "Certified **LMR[®]** Installer"

About Times Microwave Systems

Times Microwave Systems has over 60 years experience in designing innovative, high-reliability, coaxial cables, connectors and assemblies for demanding interconnection problems. An engineering oriented organization, the company specializes in the design and manufacture of high performance flexible and semi-rigid coaxial cable, connectors, and cable assemblies for RF transmission from HF through microwave frequencies.
