

RoHS Compliance Statement

Cable

All cables manufactured by TMS comply with the RoHS Directive 2002/95/EC RoHS and its most recent amendment 2011/65/EC.

Connectors

All connectors manufactured by TMS comply with the RoHS Directive 2002/95/EC RoHS and its most recent amendment 2011/65/EC.

In many instances, connector parts contain Lead as an alloying element in a copper alloy. Per the RoHS Regulations, Annex C Section 6, Lead as an alloying element in a copper alloy containing up to 4% lead by weight is a permitted exemption.

The Technical Files required for this directive are maintained at Times Microwave Systems, 358 Hall Avenue, Wallingford, CT, 06492 USA.
