News release

New Prep Tool for LMR-195 & LMR-200 Low Loss Coaxial Cables Now Available From Times Microwave Systems!

Times Microwave Systems has recently introduced the new **CST-195/200 All-In-One Combination Prep Tool** for use with both LMR-195 and LMR-200 low loss coaxial cables. The new tool provides the following features and advantages:

- Combination feature allows preparation of both LMR-195 and LMR-200 cables for either straight or right angle crimp connector attachment
- Suitable for use with all LMR-195 and LMR-200 connectors
- Provides consistently sharp cut of dielectric for best VSWR performance
- Rugged, lightweight construction
- Lanyard attachment included
- Requires use of separate debur tool (DBT-U)

The **CST-195/200** (3192-102) **All-In-One Combination Prep Tool** has a list price of \$110.00.

About Times Microwave Systems

Times Microwave Systems has over 60 years experience in designing innovative, high-reliability, coaxial cables and assemblies for demanding interconnection problems. An engineering oriented organization, the company specializes in the design and manufacture of high performance flexible and semi-rigid coaxial cable, connectors, and cable assemblies for RF transmission from HF through microwave frequencies as well as lightning and surge protection products.
