New EZ Connectors for LMR-1200-DB and LMR-1200-FR Available From Times Microwave Systems

Times Microwave Systems has recently announced the availability of its new non-solder two piece EZ 7/8 EIA flange, 716DIN and type N connectors for LMR-1200-DB and LMR-1200-FR flexible low loss 7/8" 50 Ohm coaxial cables. These high quality connectors utilize a non-solder spring finger center conductor contact and clamp-style outer contact attachments. The total number of connector parts has been greatly reduced from six pieces to only two pieces making these the perfect connectors for field installations. Non-solder EZ style connectors are also available for most **LMR**[®] cable types and sizes. The new connectors available are:
